|------------------------------|-------------------------|
| Form                         | Aerosol                 |
| Colour                       | Light yellow            |
| Odour                        | Orange                  |
| Specific gravity a 20°C      | 0,65 Kg/dm <sup>3</sup> |
| Solubility in water          | Soluble                 |
| VOC (%)                      | 91,2                    |
| Gross volume (ml)            | 800                     |
| Net volume (ml)              | 600                     |

### USE:

Shake the aerosol can before use. Spray the product evenly at a distance of about 20 cm (8") from the object you want to clean. Let stand so that BIG ORANGE AERO NEW can penetrate and dissolve the dirt. Wipe off using a clean rag or rinse with water. Repeat if necessary.

### COMPATIBILITY:

It may damage some types of plastics, rubber and/or painted surfaces. Check the product compatibility with the surface that you want to treat.

### PRECAUTIONS FOR USE:

Do not store in an extremely warm room. Always disconnect from electricity when cleaning parts. Use personal protective equipment. See our safety datasheet.
