INSTRUCTIONS FOR USE:

Spray abundantly from a distance of about 20 cm, directly on the surface. Let the product act for 3-5 minutes (10 minutes for very stubborn dirt). Rinse and dry with a clean dry cloth or absorbing paper. Zep recommends using nonwoven fabric cloths.

COMPATIBILITY:

Do not exceed the indicated contact times, especially on surfaces sensitive to acids such as marble and porcelain.

PRECAUTIONS FOR USE:

See MSDS.

All information in this document is based on our practical experience and/or laboratory tests. Due to the multiplicity of conditions for usage and variable human factors, we recommend that you always test our products for suitability prior to use. At any time, this version of the product specification report may have been revised based on legislation, availability of the individual ingredients or newly acquired information. The current approved version is available upon request.
